### [#PrayForTheWorld](#)

A space to share this difficult time of the pandemic with Pope Francis, in the Holy Land, in our countries, with our bishops in our dioceses and parishes, in our families.

### [Experiences and proposals from Catholic Action in the world](#)

The “creativity of love” challenges CA to prayer, fraternity, solidarity, reflection. Social media help us keep contacts alive and grow in the faith, in the communion, in the friendship. We look forward to receiving materials to integrate from you!

*“We are faced, then, with a choice between two possible paths. One path leads to the consolidation of multilateralism as the expression of a renewed sense of global co-responsibility, a solidarity grounded in justice and the attainment of peace and unity within the human family, which is God’s plan for our world. The other path emphasizes self-sufficiency, nationalism, protectionism, individualism and isolation; it excludes the poor, the vulnerable and those dwelling on the peripheries of life. That path would certainly be detrimental to the whole community, causing self-inflicted wounds on everyone. It must not prevail.”*
